Hello Joost,
I have one more question. Who in DSPS deleted my prescription data that would prove Steven Armus stole and used my medical identity?
Thanks,
Nanette

My review of our system reflects that your complaint against Dr. Armus has not yet been screened by the Medical Examining Board to determine whether further investigation is warranted. The other complaints you filed earlier this year—five against Board of Nursing licensees and two against Medical Board licensees—were reviewed and closed by the respective board screening panels in July. Our system reflects that letters announcing the closures were sent to you but it appears your address of record may be outdated (Oak Brook, Illinois).

I noticed Steven Armus' license was renewed despite my complaint. Is there any status on his and the other complaints?

Good morning Nanette,

Normally yes. The WI PDMP stores dispensing records dated back to 2013.

Hello Marjorie

Thank you so much for looking into all this.

Is it possible for me to ask one more question? Is this unusual? Are you able to pull up 2013 and 2014 prescriptions from other providers?

Good morning Nanette,

Regretfully, we have looked every way possible but found no dispensing record in the WI PDMP that were prescribed under the two DEAs you have provided. PDMP data is linked with prescribers' DEAs.

Sorry we cannot be of more help. Please let us know if you have further questions. Thank you.

Good afternoon Nanette,

I am unable to locate any record in the ePDMP associated with either of the DEAs. I have reached out to the tech support and will let you know when I hear from them. Regretfully, at this time I cannot guarantee that we will be able to provide the report.

Hello again Miao-ching (Marjorie),

Here is the information that I have. There are numerous numbers:

WI license name: Nanette J. Liegeois
WI medical license number 60872-20
US Department of Justice DEA Controlled Substance Registration # FL4204361 (obtained for WI)
Registration Control Number: W13076134C
DEA Control Number: WI3064406C (since this is a bad copy, it could be WI3084406C instead)
National Provider Idenifier: 1154362937
DEA: BK7739040

Please let me know if that reveals anything.

Best regards,
Nanette

Elsewhere in my files, I found this: US Department of Justice Drug Enforcement Administration Office of Diversion Registration Control Number: W13076134C

Good Afternoon Nanette,

Could you provide your DEA number or the name you used to register for PDMP? I am unable to locate your account in the system and wondering if I am actually able to pull prescribing records from the ePDMP.

Our mailing address is:

Please make sure the subpoena cites the statues for disclosure (if administrative subpoena), includes the active case number, information of the prescriber, time duration for the prescribing records to be disclosed, and the authorized person (government employee/investigator/CSB board or attorney only because you are not currently licensed), to whom the printed copy of the records will be mailed to.

Please let me know if you have any question. Thank you.

Hello Ms. Marjorie Liu,

I enjoyed speaking with you last week regarding prescriptions under my medical license. I will send a subpoena over shortly. Would you please send me the best name (administrative delegate) as well as address. I'm on a tight timeline so I'm hoping to get this back to you by this afternoon or tomorrow. I really appreciate your help!

Sincerely,
Nanette Liegeois
